

RECORD BOOK REFERENCE: PART 4

General:

The only pages that should be deleted out of the record book are the instruction pages. If you do not have any information, you will need to write in (N/A) or none. This helps the judges know whether you have completed every page.

Feed Expense Record: This should include all feed and supplement costs including pasture rent and water utility expense.

Other Expense Record: This includes non-feed/health expenses and could include: supplies, fuel expense, trailer rent, other utility expense, etc. Items purchased during the year that are recorded here may need to be added to ending inventory (see instructions).

Income Record: Record all funds earned from the project including fair premiums, equipment sales, and products produced and sold, etc. *Animal's still owned at the end of the year should be recorded in ending animal inventory.
