Rock Painting: Hearts & Other Shapes

Decorated rocks make an easy home-made gift to give to others for Valentines Day to let them know you are thinking about them. The rocks could also be used for a variety of purposes including decoration out in the yard or placed in a flower pot or on a coffee table or used as a paper or napkin weight.

Supplies:

-Larger rocks that are flatter work best (look around your house or see if you can find some river rocks locally to use).

**Reminder: do not take rocks from public places or other yards without permission first.*

-Sharpie marker (black and other colors)

-Paint

-Paint brushes (narrow and small)

-Paper towel or old newspaper

Steps:

-Lay down paper towels or old newspaper to prevent spills or marks onto other furniture

-Use a black sharpie to draw heart or other types of shapes onto your rock or rocks. *Practice on a sheet of paper beforehand if you are not sure what you want your design to be.

-Utilize other colored sharpie markers or paint to color in your rock designs

**Bonus idea:*

You can draw designs onto rocks and give them to younger siblings or family members to color in on their own. This provides an activity for everyone.
